Fun Ways to Keep Kids Active at Home

From [Pedalheads](#)

1) Create their own obstacle course

Kids can use items and furniture around the house to create their own obstacle course that looks like camp. Station ideas: balancing a book on the head, slither like a snake, hop on one foot, and end with a winner's pose!

2) Make life-size games

Instead of using board games, kids can use any craft material handy to make their own life-size games like hopscotch, tic-tac-toe, Twister, and more!

3) Biking of course!

Whether kids bike in the backyard or on the road, you can make it more engaging by saying they are riding in a magical land where they can see anything they want like superheroes or waterfalls.

4) Multi-sport activities

Kids can get creative and use their toys as well other home items to play different sports like broom hockey, bowling with bottles, or balloon volleyball.

5) Just dance!

Kids can host their dream party. They can imagine who they want to invite and what the party set up will be. Get that music going and allow them to release their energy with some fun tunes.
